

## **PROFESSIONAL TRAINING: English for Business Professionals 45 Hour Training**

**(With 20 hours of 1:1 Private Lessons with a Professional English Coach)**

**Professional Objective:** Boost your English speaking and listening skills to enhance your job performance and accelerate progression and unlock new opportunities in your professional career.

### **Detailed Development objectives from this training programme:**

- Learn how to speak English with clear, precise and engaging pronunciation
- Use precise and effective grammar and vocabulary in business meetings
- Improve business meeting leadership and collaboration in English

### **Who is the training designed for?**

Business Professionals

### **Needs analysis and pre-training Evaluation:**

**Before inscription** clients will be asked to complete a questionnaire to assess their specific training needs so that the trainer can ensure that the training is well-adapted to their requirements. Following completion of the questionnaire, the trainer will propose a 1 hour video conference to review the client's specific training and learning needs and any special provisions required. The organization of the training will be discussed, and a short English evaluation conducted to ensure that the client meets the English level pre-requirements.

**Pre-requirements:** An English level of A2 is required to participate in this training

**End of Training Certification:** Candidates will complete an end of course Bright English Language Certification to attest to the progress made and the English level attained

### **Teaching Methods**

This training combines both theory and practical application exercises to ensure that clients are learning and implementing their new skills simultaneously. With individual online lessons and independent exercises, the training is designed to provide a seamless learning experience from end to end.

During the individual coaching sessions, the client will advance their skills in the context of realistic professional scenarios such as business meetings or key conversations with colleagues and business partners. Activities such as one to one dialogue, role play, listening comprehension, discussion of relevant articles from news and current affairs and debate will be used to encourage the development and acquisition of new language skills. Specific exercises will be chosen by the trainer according to the needs and level of the client.

Documents will be shared after the session in a shared folder on Google Drive and the trainer will summarise key learning points and language in a tracking sheet, together with a list of exercises to be completed before the next lesson. Once completed, the exercises will be reviewed and corrected by the trainer.

### **Final Evaluation**

The trainee is evaluated at the end of each module, in the form of a video project and multiple choice evaluation, with feedback provided. At the end of the training the trainee does a Bright Language assessment and receives a certificate attesting to their result.

### **Equipment and materials needed to attend this training:**

The candidate must be equipped with a computer equipped with a webcam, speakers, a microphone and a single monitor (connected for the entire duration of the session) and the browser Chrome. The service provider provides an online collaborative space (Google Drive) bringing together the various documentation and actions to be carried out as well as access to the Zenler platform allowing the trainee to view e-learning videos. All these tools will remain available to the learner, 6 months after the last session.

**Online Training** Distance learning takes into account the learner's availability, extending over approximately 4 months. The training will begin upon return of the contractual documents dated and signed by the client/trainee, the training agreement, the training program and payment of the deposit.

### **These 45 hours include:**

- A package of 20 hours of individual remote lessons with synchronous support in videoconference format
- 22 hours of asynchronous activities, including of e-learning videos and exercises delivered via Google Drive collaborative documents. All exercises will be corrected by the trainer and feedback will be provided on video exercises.
- A 1-hour pre-assessment and a 2-hour end of training English test to be carried out remotely (Bright Language platform).

It is agreed that any overtime jointly accepted by the learner and the service provider for purely educational reasons will not give rise to financial compensation.

The learner is informed and aware that additional personal work is essential to the success of their professional project. The learner is informed and aware that this training does not guarantee the achievement of a specific level of English according to the Common European Framework of Reference for Languages.
